

Powell County Board of Parks Commission

~~March 16, 2011~~

FEB

Those present: Donna Young, Allen Wolters, Larry Rennfield, Rev. Krautter and Patty Cowan.

Around the table discussion about Finco not receiving a letter to continue on the board was done. Donna advised letters have not gone out yet, but should be received before the next meeting.

Donna reported:

The missing posters were found and are in the commissioner's office behind the door.

The fence at the Outdoor Education Center is back up by the large mound.

Cleanup at Arrowstone Park is on schedule for the next ten years. Donna advised this is not acceptable. Topsoil will be put down and planted in hotspots until it is done right. Only approximately half the budget has been spent.

Subject of possibly color aerating ponds to stop algae was done.

Johnson Creek: Fickler's easement still on hold. Chilcott's agreement is signed.

With there being no other business Patty made a motion to adjourn and Larry seconded. Meeting adjourned at 5:05 p.m.
