Montana Code Annotated

7-22-2132. Procedures for compliance. (1) A landowner is in compliance with this part if the landowner submits and the board accepts a written weed management proposal to undertake specific control measures, and the landowner remains in compliance if the terms of the proposal are met. The proposal must require that the landowner or the landowner's representative notify the board as measures in the proposal are taken.

(2) In accepting or rejecting a weed management proposal, the board shall consider the economic impact on the landowner and neighboring landowners, practical biological and environmental limitations, and alternative control methods to be used.
