Q1.

Montana School District ARP ESSER Plan Update

This tool allows districts to update their ARP ESSER plans at any point. Updates must be completed at least once every six months.

Federal Requirement

The US Department of Education (USED) required the OPI to establish a process for district plans consistent with the ARP ESSER requirements for the use of ARP ESSER funds and ensure plans be made available to the public, within no later than 90 days after a district received its ARP ESSER allocation (August 24, 2021). The requirements for the school district plans include, at a minimum, how districts will:

- 1. use funds to implement prevention and mitigation strategies;
- 2. use the funds totaling not less than 20% to address lost instructional time;
- 3. spend its remaining 80% of ARP ESSER funds;
- 4. respond to needs of student disproportionately affected by the pandemic; and
- 5. meaningfully engage with and consult stakeholders in crafting their plans.

Each of these federally required components are embedded into this school district ARP ESSER plan.

In addition, the USED requires the OPI to support and monitor each school district's use of ARP ESSER funds, including:

- i. implementation of evidence-based interventions;
- ii. address the student groups specifically that were disproportionately impacted by the pandemic; and iii. identify, reengage, and support students who have experienced the impact of lost instructional time. The plan will provide the information necessary for the OPI to support and monitor school districts as they move forward.

State Components

Throughout this school district ARP ESSER plan, the OPI has emphasized local control and coordination of state initiatives and requirements so that school districts can identify and innovate solutions for unique local needs and priorities. These components are embedded in the school district ARP ESSER plan. Additionally, the OPI will seek flexibility from the Board of Public Education to use the Goals section of this plan in place of the Continuous School Improvement Plan (CSIP).

Initial ARP-ESSER plans were developed through the use of a template. This plan update tool will provide districts with their most recent plan submission presented with the same fields and sections as their initial plan.

The sections of this tool match the sections of the template provided for districts to use for the creation of their plans.

The template sections are as follows:

- 1. School District-Identified Priorities
- 2. Meaningful Consultation
- 3. Goals
- 4. Coordinating Funds
- 5. Creating Safe and Healthy Learning Environment
- 6. Addressing Lost Instructional Time
- 7. Supporting the Educator Workforce
- 8. Monitoring and Measuring Impact of ARP ESSER funds

Prior to updating your school district ARP ESSER plan, consider the following:

What data do you have available to you to measure the impact of your work and guide plan adjustments? What feedback have you received from stakeholders around your plan and/or your plan implementation? What steps have you taken to engage stakeholders in your update process?

Instructions for updating your school district ARP ESSER plan

- Review the information in each field to verify that it matches the information you have at the local level. In the event that there is a difference please update any impacted fields during your update process.
- It is recommended that you complete your plan revision in a single sitting. If you are unable to do this please click through to the end of the survey and note on the final page that this submission represents an unfinished update draft.
- After you hit submit you will receive an email that contains a link that you can use for your next update. If you were submitting a draft update please be sure to return to complete your draft before the deadline.

Q72. 3. Goals

071.

Goal Action Plan:

Please define your Math goal, English Language Arts (ELA) goal, and other goal, based on the priorities you identified.

Explain what instruments or methods will be used to monitor the progress of the goals and determine if the goals are met. Click the box and provide the text response for each applicable box.

Math Goal

Based on a review of the data, the district has adopted a math goal to increase student positive outcomes by 5% by the spring testing sessions of the 2023/2024 school year. The number of white students, students with disabilities, and economically disadvantaged students in the district who did not make negative gains is low but given our small population it is a higher percentage. The school will continue to support students in positive gains as measured by both NWEA MAPS assessments and SBAC assessments using small groups, flexible grouping, specific direct instruction programs as well as more hands on in-depth conceptual learning.

ELA Goal

Based on a review of the data, the district has adopted an ELA language goal by 10% by the spring testing session of the 2023/2024 school year. The number of white students, students with disabilities, and economically disadvantaged students in the district who did not make negative gains is low but given our small population it is a higher percentage. The school will continue to support students in positive gains as measured by both NWEA MAPS assessments and SBAC assessments using small groups, flexible grouping, specific direct instruction programs as well as more hands on indepth conceptual learning

| | Other Goal (For example, SEL, Mental Health, Graduation Rates, Recruitment/Retention, Professional Development, Community and Family Engagement, etc.) |
|--------------------------|--|
| | Ovando School aims to meet each student where they are and provide support as needed to reach proficiency based on data such as district level MAPs scores, classroom based assessments and student performance tasks. Intervention strategies and replacement curriculums will be used where necessary to support student learning. Each classroom teacher will be responsible for ensuring the needs of their students are met and appropriate academic supports are in place. |
| | |
| | |
| Identi Desc Identi | Action Plan, Part 2: ify what strategies/action steps will be used to support the achievement of the goals. ribe a realistic and achievable timeline to achieve the goals. ify who is responsible to ensure the strategies/action steps are achieved. the box and provide the text response for each applicable box. |
| ✓ | Math Goal Strategies, Actions, Timelines, and Assignments |
| | Staff at Ovando school will utilize improved facilities to enhance student engagement with classroom materials as well as student opportunity for engagement with authentic uses of material. Utilizing various grouping structures, student paring, and presentation, and interactive/adaptive digital platforms students by the end of 2023/2024 school year will be better able to demonstrate their rich knowledge in a summative assessment model. |
| | |
| ✓ | ELA Goal Strategies, Actions, Timelines, and Assignments |
| | The School board and supervising teacher will ensure district progress and provide support to individual teachers as needed for district progress. Utilizing various grouping structures, student paring, and presentation, and interactive/adaptive digital platforms students by the end of 2023/2024 school year will be better able to demonstrate their rich knowledge in a summative assessment model. |

| ✓ | Other Goal (For example, SEL, Mental Health, Graduation Rates, Recruitment/Retention, Professional |
|----------|---|
| | Development, Community and Family Engagement, etc.) Strategies, Actions, Timelines, and Assignments Supervising teacher is in collaboration with other staff members will find no less than 3 opportunities for the students to present knowledge for the whole community and no less than 5 specidic engagements with current school parents and allowing for more authenitcity in application. |
| | |
| | |
| | |
| Q14. | For which of the following student groups do you have a distinct Math goal? Choose all that apply. |
| | American Indian or Alaska Native |

Q56. 4. Coordinating Funds Identify other federal funding that you are coordinating with ARP ESSER funds to most effectively use funds to address student needs. Q60. Did you coordinate ARP ESSER funds with other federal funds to address student needs? Yes O No Q57. Please select each type of federal funding you are coordinating with ARP ESSER funds to most effectively use funds to address student needs. Title I, Part A of the ESEA (Improving Basic Programs Operated by LEAs) ☐ Title I, Part A-section 1003 school improvement (Comprehensive and Targeted Supports) Title I, Part C of the ESEA (Education of Migratory Children) Title I, Part D, Subpart 1 of the ESEA (Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At Risk) ✓ Title II, Part A of the ESEA (Supporting Effective Instruction) Title III, Part A of the ESEA (English Language Acquisition, Language Enhancement, and Academic Achievement) Title IV, Part A of the ESEA (Student Support and Academic Enrichment Grants) ☐ Title IV, Part B of the ESEA (21st Century Community Learning Centers) Title V, Part B, Subpart 2 of the ESEA (Rural and Low-Income School Program) McKinney-Vento Education for Homeless Children and Youth Program and section 2001(b)(1) of the ARP Act Carl D. Perkins Act Career and Technical Education Act ☐ IDEA, Part B (Excess costs of providing FAPE) IDEA, Part B (Coordinated Early Intervening Services) Workforce Innovation and Opportunity Act Q46. 5. Creating Safe and Healthy Learning Environments Determine if ARP funds will be used to **implement prevention and mitigation strategies**, to the greatest extent practicable, in order to continuously operate schools for in-person learning.

Q12. If you are planning to use ARP ESSER funds for prevention and/or mitigation strategies, please select the evidence-based practices below and/or describe an additional practice in the Other box.

- Mental health supports
- Social emotional learning
- Academic support

| Hiring new staff and avoiding layoffs |
|---|
| Meeting the nutritional needs of underserved students. |
| Locating absent students and re-engaging disconnected youth |
| Providing safe, healthy, inclusive learning environments. |
| Activities to address the unique needs of at-risk populations. |
| Developing and implementing procedures and systems to improve the preparedness and response efforts |
| Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases |
| Purchasing supplies to sanitize and clean the facilities |
| Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the Individuals with Disabilities Education Act and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements. |
| Purchasing educational technology (including hardware, software, and connectivity) that aids in regular and substantive educational interaction between students and their classroom instructors including low-income students and children with disabilities, which may include assistive technology or adaptive equipment. |
| School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs. |
| Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and nonmechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement |
| Other (please identify in the box below) |
| If you are planning to develop or use approaches that are novel to implement prevention and mitigation egies, would you be willing to have the OPI share your approaches with state and federal entities? If so, see briefly describe your innovation below. |
| |

Q47. 6. Addressing Lost Instructional Time

Describe how the school district will use ARP ESSER funds it reserves under Section 2001(e)(1) of the ARP Act to **address lost instruction time** through the implementation of evidence-based interventions. The district must spend a minimum of 20% of ARP ESSER funds. The full implementation of the evidence-based interventions should be considered including personnel, materials, equipment, professional development, and expenses needed to meet the needs of students. Other evidenced-based practices may be utilized if the intervention meets one of the four tiers of evidence. Evidence-based practices may be found at OPI's Multi-Tiered Systems of Support page.

Q21. How do you plan to spend the required 20% set-aside to address lost instructional time? Choose all evidence-based practices that apply.

| | Extended learning time |
|----------|--|
| ✓ | Tribal/community engagement |
| | Wraparound academic/health/social services |
| ✓ | SEL learning supports |
| ✓ | Evidenced-based curriculum |
| ✓ | Accelerating learning through instructional approaches: In-school acceleration-Certified educators provide support for students within the classroom and grade-level work, using high-quality instructional materials, instructional strategies, and formative assessments. |
| | Accelerating learning through instructional approaches: Tutoring program-High-dosage tutoring provided consistently by well-trained tutors or educators at least 3 days per week for at least 30 minutes at a time in groups of five or fewer students. |
| | Accelerating learning through instructional approaches:Out-of-school time programs-Identified students, needing additional support before, and after the regular school days, as well as on weekends, and during school breaks. |
| | Accelerating learning through instructional approaches: Summer learning and enrichment: Summer learning programs, camps, community partnerships, work-based learning or community service that provide high-quality instructional and are designed to meet the social and emotional needs of student through engaging and enriching experiences. |
| ✓ | Access to and effective use of technology |
| | Engaging families in digital learning training and effectively using technology and platforms |
| | Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction |
| | Providing information and assistance to parents and families on how they can effectively support students |
| | Tracking student attendance and improving student engagement provided by the school |
| | Using data about students opportunity to learn indicators to help target resources and support |
| | Professional Learning Communities |
| | Access to advanced coursework, dual enrollment, work-place learning, and/or internships |
| | Career, Technical, and Agricultural Education expenses (approved under Perkins Act) |
| | Distance/Remote Learning: connectivity (hot spots, outfitting buildings/buses with WiFi, other wireless, internet service, etc.), devices (laptops, tablets, etc.), printing costs for learning packets, instructional resources/tools, hardware, software, subscriptions, licenses, assistive technology or adaptive equipment, online learning platforms/learning management systems, other distance/remote learning costs |
| | Other (please identify in the box below) |
| rep | How do you plan to use the remaining 80% for the allowable uses of funds related to preventing, aring for, and responding to COVID-19 as required by ESSER I, II, and III? See page 5 of the ARP ER Fact Sheet for more information. Choose all evidence-based practices that apply. |
